**LABOR AND CAPITAL.**

Their Interests to be Considered by a Commission.

[ASSOCIATED PRESS NIGHT REPORT.]

WASHINGTON, Sept. 5.—One of the first matters to which the President is expected now to devote his attention is the selection of nine members of the non-partisan commission, which, under the act of Congress of June, 1898, is to collate information and consider and recommend legislation to meet the problems presented by labor, agriculture and capital. This body is to consist of nineteen persons, five of whom are to be members of the Senate, five of the House and nine other persons who shall fairly represent the different industries and employments. The Senators and Representatives already have been appointed. For positions yet to be filled by the President there are on file at the White House about one hundred and twenty-five applications.

Senator Kyle, who, by virtue of his office, is expected to be the chairman of the commission, has already indicated

to the President that he would be ready to call the body together for organization on September 15, and the President gave him to understand that the personnel of the commission would be complete by that time. Among those who have been mentioned in connection with the appointments are Representative Phillips of Pennsylvania, former chairman of the House Labor Committee; Mr. Sargent of the Locomotive Firemen's Brotherhood; ex-Representative Farquhar of New York; Maj. Hansen of Georgia and Capt. E. A. Smythe of South Carolina, the two latter being candidates presented by the cotton-milling interests of the South.

**Dakota's Third Governor Dead.**  
YANKTON (S. D.) Sept. 5.—Hon. Andrew J. Falk died tonight at his home in this city. Mr. Falk was the third Governor of Dakota Territory, and it was mainly through his persistent endeavor that the opening of the Black Hills to settlement was secured. During his long residence in the Dakota he held, aside from the Governorship, several prominent public offices.

Thirty-five Persons Were on Board, and at Least Two of the Injured Will Die—Scene at the Time Was Horrible.

[ASSOCIATED PRESS NIGHT REPORT.]  
COHOES (N. Y.) Sept. 5.—An appalling disaster occurred in this city tonight. Shortly before 8 o'clock a trolley car of the Troy City Railway Company was struck by the night-boat special of the Delaware and Hudson road at a crossing at the west end of the Hudson River bridge, which connects the city with Lansingburgh, and its load of human freight was hurled into the air. Eighteen of the thirty-five passengers are dead, and at least two of the remainder will die.

The cars entering the city from Lansingburgh were crowded with people returning from a Labor-day picnic at Rensselaer's Park, a pleasure resort near Troy.

It was car No. 119 of the Troy City Railway that met with disaster. It came over the bridge laden with a merry party of people fresh from the enjoyments of the day. The motor car was struck directly in the center by the engine of the train, which was going at a high rate of speed.

The accident came without the slightest warning. The car was upon the tracks before the train loomed in sight, and no power on earth could have saved it. The motorman evidently saw the train approaching, as he opened his controller, but in vain. With a crash that was heard for blocks, the engine struck into the light vehicle. The effect was horrible. The motor car parted in two, both sections being hurled into the air in splinters. The mass of humanity, for the car was crowded to overflowing was torn and mangled. Those in front of the car met with the worst fate. The force of the collision was there experienced to the greatest degree, and every human being in that section was killed.

The scene was horrible. Bodies had been hurled into the air, and their headless and limbless trunks were found in some cases forty feet from the crossing. The pilot head of the engine was smashed, and amid its wreckage were the maimed corpses of two women. The passengers of the train suffered no injury except a shock. Many passengers on the trolley car were young people. They included many women.

The injured were taken to the City Hospital and to the Continental Knitting mill, the former not having sufficient ambulance service to call for them. The corpses were placed in boxes and then placed in the mill shed near by. Many of them were unrecognizable. The crash was fearful in its results. Headless women with gay summer dresses bathed in their own and the blood of others; limbs without trunks or any means of identifying to whom they belonged; women's and men's heads, with crushed and distorted features; bodies crushed and flattened. The sights constituted a spectacle most horrible to behold.

The train of the Delaware and Hudson road, immediately after the accident, proceeded to Troy. The engineer stated that he did not see the car until he was upon it. He tried to prevent his train from striking the car, but his efforts were fruitless. His train was going at a very high rate of speed at the time. He was some minutes late, and was trying to make up lost time. In consequence of the caution taken by the trolley road to ascertain if the tracks were clear at this crossing, the engineers of trains

have always felt safe in running at a high rate of speed. The engineer says that the first he knew that the car was coming was when it hove in sight at the corner of the street at which the crossing is situated. He was but a short distance from the car at the time. It was utterly impossible for him to bring his train to a standstill.

He thinks that the motorman, when he saw the train was upon him, tried to get beyond the danger line. The grade of this crossing and the speed at which his car was going also made it impossible for him to stop before he reached the tracks. The engineer says it was the front end of his car that was caught and crushed, and he was killed outright.

The following bodies were identified up to 1 o'clock:

ARCHIE CAMPEAU, Cohoes.  
JAMES TEMPLE, Lansingburgh.  
EDWARD BARNEY, Cohoes.  
MRS. JOHN CRAVIN, Cohoes.  
MISS KITTIE CRAVEN, Cohoes.

**REPUBLICAN CAMPAIGNERS TO CLEAR THE POLITICAL AIR.**

The Congressional Committee Proposes to See the President as to What He Will Do With Alger. War Department Scandal Endangers Some Candidates.

[BY DIRECT WIRE TO THE TIMES.]  
WASHINGTON, Sept. 5.—[Exclusive Dispatch.] A member of the Republican Congressional Committee is authorized for the statement that upon the return of the President to Washington, a committee will call upon him for the purpose of discussing Alger. This statement is made to refute the rumor which said the committee intended to ask the President to remove Alger from office.

Members of the committee who are in Washington directing the Congressional campaign are free to admit that the conduct of the War Department has interfered with their work, and in some cases it is not too much to say that the chances of Republican candidates for Congress are slightly endangered because it is not yet perfectly plain what the administration intends to do about abuses in the department. For the purpose of clearing the political air, the committee proposes to call upon the President, learn exactly what he intends to do and proceed with the campaign upon intelligent lines.

[ASSOCIATED PRESS DAY REPORT.]  
NEW YORK, Sept. 5.—President and Mrs. McKinley and Vice-President and Mrs. Hobart, who are at Paterson, N. J., were out for a drive this morning in the direction of Passaic Falls. They returned to the Vice-President's residence at 10:30 o'clock. Mrs. McKinley looked well, and at Mr. Hobart's home it was denied that she had been taken suddenly ill last night.

**GERMANY'S DEMAND.**

Wants the Same Tariff Concessions That France Got.

[ASSOCIATED PRESS NIGHT REPORT.]  
BERLIN, Sept. 5.—[By Atlantic Cable.] The government, through Dr. von Holleben, German Ambassador to the United States, has demanded that the same tariff concessions granted France in the recent treaty shall be accorded Germany under "the most-favored-nation" clause. A strong reply by John A. Kasson, special reciprocity commissioner of the United States, refuting the claim has been presented to Dr. von Holleben and a copy of it has arrived here.

America contends that "the most-favored-nation clause" does not apply. Germany claims the treaty of 1825, whose terms included the clause, is still valid, as the United States by silence, has agreed thereto, and that it never was violated by the treaty of 1882. Foreign Office officials here decline to express an opinion on the subject at present, but will give one later on.

Herr Vosberg Recov of the Central Bureau for the preparation of commercial treaties admitted today, in the course of an interview, that the most-favored-nation clause had been violated repeatedly by both Germany and the United States, and that it was doubtful whether the clause should be held. He also admitted that the German empire did not take over all treaties of foreign States with Russia.

[BY DIRECT WIRE TO THE TIMES.]  
SAN FRANCISCO, Sept. 5.—[Exclusive Dispatch.] The day on which the Seventh California Regiment will leave the service of the United States will not be far distant from November 1. Two weeks, anyway, and perhaps three, will be required for tabulation of data regarding each officer and man, and for the transfer and accounting for all government property. At the expiration of this time the men will be given a month's furlough before being actually mustered out, the sole object of which is to permit them to receive a month's extra pay.

The Seventh will be furloughed at Los Angeles, and will later be mustered out at the same place. The Sixth regiment will be furloughed and mustered out in San Francisco. Before being furloughed, the two regiments will be paid up to September 1, and for July and August. On being mustered out they will receive pay from September 1 to the day of discharge. The Sixth will be paid in this city, and the Seventh probably at Los Angeles. The military officials here have decided that the furlough of a month is not optional, and must be accepted by the men and officers in every case. A telegram asking for light on this point was dispatched to Washington.

Right here is a serious difficulty. According to instructions received from the War Department, all mustering-out returns and papers are to be made out during the period of the furlough, but in the work of their preparation the assistance of a large number of furloughed officers and men is necessary. No ration will be issued to furloughed men, but in lieu of them they will receive 25 cents a day, aside from which they will be expected to subsist by their own means. Apparently the purpose of the furlough, which is to give the troops a month's extra pay, will be defeated by compelling them to find their own board and lodging during that period, save for the pittance of 25 cents a day allowed them by the government.

No transportation from the point of rendezvous to their homes during the furlough will be given, so that the men, most of whom live at a considerable distance from San Francisco and Los Angeles, respectively, will be compelled to visit their families and friends at their own expense, or live out the month among strangers on their meager allowance and the pay they have earned during the last two months. The government will give transportation to the men to their homes, but only after they have been mustered out at the end of the furlough.

Ten men of the Seventh and two of the Eighth applied to Col. Funston today for transfer to the Kansas regiment, in view of the fact that the organizations to which they belong are to be discharged, and that, having been discharged, they could not be reinstated. Others have asked to be transferred to Iowa and Tennessee regiments. The applicants are mostly non-commissioned officers, who wish to

make the army their business. The Twentieth Kansas lacks about forty men. Gen. Miller, at Col. Funston's request, telegraphed to the War Department, recommending that such transfers be allowed.

Gen. Miller has received no further assurances from Washington as to the sending of more troops to Manila or Honolulu. As shown in the Washington dispatch saying the War Department is delaying action until Gen. Merriam shall have returned to make his report on available Honolulu camp sites.

**OHIO POPULISTS.**

**They Put in a Day Wrangling at Cincinnati.**

[ASSOCIATED PRESS DAY REPORT.]  
CINCINNATI, Sept. 5.—The national convention of the "middle-of-the-road" Populists was to have convened at the Lyceum at 9 a.m., but owing to the confusions of leaders and the inability of Ignatius Donnelly and others to find the hall, the convention was not called to order until 12:30 p.m. During the forenoon the "middle-of-the-roaders" were in formal conference, and exchanged opinions enough to indicate much difference in their views as to whether they should hold a nominative convention, or merely a general conference.

In calling the convention to order, J. A. Parker of Louisville, secretary of the Reform Association, strongly advocated independent action by the Populists, whether it is done at this convention or at some future time. Ignatius Donnelly was chosen temporary chairman and made a most radical speech. He referred to Grover Cleveland as a traitor to the Democratic party, and Senator Butler as a traitor to the Populist party. He was specially severe in denouncing Senator Butler, a man who reached an exalted position by conniving with the Republicans for his election to the Senate, and now, under instructions from Gov. J. Bryan, was conniving with the Democrats.

Donnelly advocated reorganization of the Populist party on the line of the "middle-of-the-roaders" as indicated in their conference at Omaha last June, and as in at Nashville, Tenn., last July. The usual committees of Credentials, Resolutions, Rules, Order of Business and Permanent Organization were appointed, and recess was taken until 3 p.m.

**AFTERNOON SQUABBLES.**

[ASSOCIATED PRESS NIGHT REPORT.]  
CINCINNATI, Sept. 5.—The afternoon session disclosed many differences between the middle-of-the-roaders, who were denouncing fusion as demoralizing. They were united on the subject of such a permanent reorganization as to prevent fusion or desertion hereafter, and on independent ticket for 1900, but there were wide differences as to how to prevent "fusion" desertions, and how to name the candidates.

As the Committee on Credentials had not reported, Chairman Ignatius Donnelly was compelled to adjourn, and never could get the floor, and there was much discussion over a partial report of the Committee on Credentials. As the call for this convention was not understood, and by many thought to have been withdrawn, it was difficult to pass on any credentials. Most of those present are self-constituted delegates, or, at least, unable to show the usual credentials, and there is another class claiming the right to vote proxies. As there are only two or three present from some States, the question of proxies is one on which control of the convention hinges, and it was pending when the convention adjourned until tomorrow. The committees were in session tonight.

**It Was Fast and Furious.**

NEW YORK, Sept. 5.—"Mysterious Billy" Smith and Andy Walsh fought a twenty-five round draw before the Greater New York Athletic Club tonight, and it was one of the fastest fights that has ever taken place in this vicinity. The men fought with one hand free, and had each other's ribs raw from the hand-to-hand work at close quarters. Neither man had the advantage, and both were in condition to continue.

**Springfield Bicycle Tournament.**

SPRINGFIELD (Mass.) Sept. 5.—The Springfield Bicycle Club could not have asked for a better day to hold their fall tournament. The day was perfect, the track made good racing. One mile, open points, professional, won by Tom Cooper, five points; Tom Butler, three points; Earl Kiser, two points. Five mile, professional, handicap, won by Arthur Gardner, W. A. Coleman second, F. A. McFarland third, Kiser fourth, Cooper fifth; time 12:40.

**City Presents an Unusually Brilliant Appearance—Commander-in-Chief Gobin Takes Possession of Camp Sherman—Naval Contingent.**

[ASSOCIATED PRESS NIGHT REPORT.]  
CINCINNATI, Sept. 5.—The opening day of the Thirty-second Annual Encampment of the G. A. R. surpassed expectations in the attendance and in the successful progress of the events on the programme of the first day. During the Labor Day parade and other parades escorting prominent arrivals from the depots to the hotels, the city presented an unusually brilliant appearance with its elaborate decorations which are displayed everywhere. Tonight the illuminations are in full blast everywhere from the triumphal arches in the public places and at street intersections. Excursionists have been arriving by the thousands for the past two days. The large Music Hall was filled to its limit at the naval campfire tonight, while large receptions and reunions were going on at other places all over the city. There will be big campfires at Music Hall and Camp Sherman every night this week, and small gatherings at other points. There is a notable absence of the old commanders, but they have passed away. Many of the comrades refer to the serious illness of Gen. Buell, who is now considered the ranking survivor of the civil conflict.

Commander-in-chief Gobin and staff visited Camp Sherman this afternoon, and the camp in charge of Capt. Byrnes was formally turned over to him. This camp has a capacity of over fifteen thousand in its tents, and ample provision for meals. The official salute was fired upon the arrival of the commander-in-chief, after which the bands rendered concerts. Prayer was offered by Rev. David H. Moore, editor of the Western Christian Advocate, who was a colonel in the civil war. Maj. Joseph W. Wilshire, chairman of the Committee on Camps, made the presentation speech and Gen. J. B. S. Gobin responded in an eloquent address of acceptance. The ceremonies attending the raising of the flag were in charge of Capt. J. B. Sampson, after which there was a concert and other festivities.

Charles F. Sheriff, commander-in-chief of the Ex-prisoners of War, and his staff, escorted by Patterson Post of Allegheny arrived over the Pennsylvania line this evening, when the local association and other ex-prisoners of war who are in the city turned out and escorted them from the depot to their headquarters at the Grand Hotel. Among the arrivals today are Commodore W. C. Collins and Commander Captain Ames, both of whom were from McKeesport, Pa., in a ship on the Ohio River, a distance of over five hundred miles. Their ship is named the Hobson, and they have been holding receptions along the Ohio Valley ever since they started, August 20.

The ladies are very largely represented at the present encampment, and there is the usual rivalry between the ladies of the G. A. R. and the Woman's Relief Corps. "Business sessions of their respective orders will not begin until the encampment opens Thursday morning. Meantime elaborate programmes have been arranged by the ladies of this city and of adjoining cities in Kentucky for their entertainment during the week.

The executive council of the National Board of Administration of the G. A. R. met this afternoon and appointed a committee to audit the accounts, and report to the full council tomorrow. The business of the encampment, chief and his staff was found in complete order. No new business was brought forward.

The camp fire of the naval veterans, known as the "dog watch," at Music Hall tonight was attended by over eight thousand people. Congressman Jacob H. Brownell presided, and in addition to Waters's Military Band and a chorus of several hundred voices, there was music by the Cambro-American Choral Society and noted soloists. The biograph was used during intermission for the display of war pictures, which gave vivid views of scenes in which many of the comrades had participated.

The principal address of the evening was by Gen. Gobin, commander-in-chief of the G. A. R., who was profuse in his praise of the arrangements made in Cincinnati for the encampment. He spoke of the heroic conduct of the American soldiers in the Spanish war, as well as in the civil war.

Thursday evening or Friday morning. Owing to the fact that the senior vice-commander-in-chief has for seventeen years been conceded to the city that entertained the encampment and the fact that the Cincinnati poets have selected W. C. Johnson for senior vice-commander, the Ohio department is not sold for Mack for commander-in-chief. The friends of Col. Mack, however, claim that the New York department is not sold for Col. Shaw and that the Illinois department is not sold for Col. Sexton. This is denied by both Shaw and Sexton.

The contest for the location of the next encampment seems to lie between Philadelphia, Kansas City and Denver and the canvass has not proceeded sufficiently to indicate as yet which location for the next encampment is in the lead.

**A THREATENED WITHDRAWAL.**  
[ASSOCIATED PRESS DAY REPORT.]  
CINCINNATI, Sept. 5.—The National Association of Naval Veterans threatens to withdraw from the reunions of the week. When the visiting naval veterans were escorted to Horticultural Hall in the Exposition Building today, they rebelled against the selection. They acknowledged that the city and everything were better than usual on such occasions, but they wanted quarters in a boat and nowhere else. They have good boats at other places, notably Buffalo, Louisville, Detroit and Pittsburgh, and claim they were promised a boat here.

Commander V. E. Atkins of this city, who is in charge of the local naval arrangements, has had no opposition for rear-admiral of the association, to succeed Kelly, but at noon today announced his withdrawal from the contest, although he had more than enough endorsements to elect him. The indignation centered against Atkins, and he was forced out of the race, although he is not responsible for the selection. He did all he could to charter a steamboat, but the demand was such at this time that the Citizens' Committee could not get a boat for the naval veterans. The naval veterans threatened to declare their protest for tomorrow off, and not to participate further in any way this week unless they are furnished a boat.

**GOBIN'S SHORT LEAVE.**  
[ASSOCIATED PRESS DAY REPORT.]  
CINCINNATI, Sept. 5.—Commander-in-Chief Gobin of the G. A. R., came from Camp Alger, via Camp Meade, and has leave of absence for six days only, so that he must get back to Camp Meade by Sunday, at which place he is to report on his return. He was accompanied by his wife and the party arrived at the G. A. R. posts were arriving in bodies as fast as the railway could get them into the city, and there were quite a number in connection with the carriages of the Reception Committee. Dr. Gobin and staff arrived while the big labor-day parade was in progress, and he was most enthusiastically received all along the road from the Pennsylvania depot to the Grand Hotel.

## RAISED HIS FLAG.

**GEN. KITCHENER IS IN POSSESSION OF KHARTOUM.**  
Cavalry in Pursuit of the Khalifa Couldn't Catch Him—Camel Squads Ordered in Pursuit—The Fight.

[ASSOCIATED PRESS NIGHT REPORT.]  
LONDON, Sept. 5.—[By Atlantic Cable.] The British Office received this evening the following dispatch dated at Omdurman yesterday from Gen. Sir Herbert Kitchener:

"This morning the British and Egyptian flags were hoisted with due ceremony upon the walls of the palace in Khartoum. All the British wounded have left for Abadia in barges towed by steamers. I saw them before leaving. They were all doing well and were comfortable.

"The cavalry sent in pursuit of the Khalifa were compelled to abandon the attempt, owing to the exhaustion of the horses, but I have ordered camel squads to continue the pursuit."

**GOING TO KORDOFAN.**  
[ASSOCIATED PRESS NIGHT REPORT.]  
CAIRO, Sept. 5.—The Khalifa has gone to Kordofan, to the southwest of Omdurman. Gen. Kitchener has organized Arab camel squads to follow him. Yesterday the forces with the British participated in a long and arduous service in memory of Gen. Gordon.

**BRITISH LOSSES.**  
[ASSOCIATED PRESS DAY REPORT.]  
LONDON, Sept. 5.—[By Atlantic Cable.]—Dispatches from the newspaper correspondent, Howard, who was afterward killed, participated in the gallant charge of the Twenty-first Lancers. The official list gives the number of British officers killed in the capture of Omdurman as 2, while 13 were wounded. Of the men 23 were killed and 99 wounded. The loss sustained by the British was as follows: 1 killed, 8 wounded; men, 20 killed, 100 wounded. Col. Rhodes, brother of Cecil Rhodes and correspondent of the London Times, was severely wounded, a bullet having struck him in the shoulder.

**BRILLIANT INCIDENTS.**  
[ASSOCIATED PRESS NIGHT REPORT.]  
LONDON, Sept. 5.—The latest accounts of the capture of Omdurman add but little to those received yesterday. All agree to the brilliancy of the cavalry charge of the Twenty-first Lancers. This was the great feat of the battle. Every man who fell in the charge was immediately hacked to pieces by the fanatics, yet the Lancers reformed as coolly as if on parade. One corporal, coming in with food and reeling in his saddle, was ordered to fall out. He waved his bent lance and said: "Never."

When Lieutenant Greenfell was missed, a man made a most gallant attempt to recover the body and hold the enemy at bay with revolvers. They secured the body and then lost it again as the horse on which it was placed shied.

There was another memorable incident when McDonald's black brigade was cautious in crossing the field after the Derivishes had broken, to dispatch the wounded Baggars—an imperative duty, owing to the custom of the Baggars, to feign death and then deal a fatal blow to the unwary enemy. The Derivishes reformed and made a desperate rush upon an isolated camel corps, believing they had it at their mercy. The corps retired steadily without confusion.

McDonald's brigade, assisted by the camels, came to the rescue and covered the retreat of the camel corps by pouring volley after volley into the advancing Derivishes, who, although their ranks were terribly thinned, continued their desperate advance. More Derivishes went down, the engagement became swift and general and the enemy was soon completely routed.

**SECRET DISCUSSION ORDERED.**

**IN EXECUTIVE SESSION PRESS CENSORSHIP IS EXPLAINED.**

**News From Cuba—Gen. Nunez Returns and Reports Distress in the Island—The Commission Leaves New York.**

[ASSOCIATED PRESS NIGHT REPORT.]

MADRID, Sept. 5.—[By Atlantic Cable.] The chambers assembled here today. Thus far only routine business has been transacted. At the opening of the Senate, the secretary read a letter from Señor Rodriguez, Senator from Porto Rico, refusing to obey the summons to attend.

Premier Sagasta, arrayed in the insignia of his office, ascended the tribune and read the decree authorizing the government to present to the chamber a draft of a law empowering the Ministers to renounce sovereignty over the colonies, in conformity with the stipulations of the peace preliminaries between Spain and the United States. The president of the Senate proposed a secret discussion of the decree, and despite the protests of some Senators, ordered that the galleries be cleared, which was done amid loud murmurs of disapproval.

The chamber soon became involved in a discussion of press censorship, and a Deputy inquired the motive underlying a circular which Gen. Chinchilla, captain-general of Madrid, has addressed to newspapers, regulating their reports of the sessions of the Cortes. He declared that the censorship was insidiously applied and that the effect of the circular was to punish possible errors in advance.

Those who had expected sensational scenes on the reopening of the chambers were disappointed. The general public seems indifferent. The people at large are apparently convinced that Spain must accede whatever the United States demand.

At the close of the censorship discussion, in which Deputies who are journalists protested emphatically against the attitude of the government, Señor Romero y Robledo accused the government of illegality in continuing the suspension of the Constitution and the establishment of a dictatorship.

He demanded immediate decrees revoking the suspension. When the Chamber met the Minister of the Interior, replied that the time was not opportune to revoke the suspension, and reminded Señor Robledo that a former minister was a member, had acted in the same way in 1875. The chamber then adjourned.

**WHAT WOULD TAKE.**

MADRID, Sept. 5.—Gen. Jaubert, ad-interim Governor of the Philippines, replying to the government's request for information as to the true condition of affairs in the archipelago, reports that to secure the establishment of Spanish sovereignty over the islands would require a permanent army of 60,000 men, a fleet and endless quantities of material.

**STANDING TOGETHER.**

MADRID, Sept. 5.—The Conservatives have decided to continue to support the government. The Official Gazette tomorrow will publish a royal decree appointing M. Paura, President of the French republic, a knight of the Golden Fleece.

The Latter Are in Distress for Lack of Provisions, and the Donas Are Making It Difficult for Them to Get Any—Peace Commissioners.

[ASSOCIATED PRESS NIGHT REPORT.]  
WASHINGTON, Sept. 5.—Gen. Nunez of the Cuban army has returned to Washington, having been on expedition which took supplies to the Cubans. He left this country before the war was closed, and landed at several points and delivered his supplies.

Gen. Nunez reports a great deal of distress among the Cubans, and says it will be still greater in consequence of the inability of the Cubans to forage and raid various places where they formerly obtained supplies. Gen. Nunez says that one reason why the Spaniards are making it difficult to supply food to the Cubans is that they want to compel the latter to take the food by force, and thus stir up strife between the Americans and Cubans, which will tend to discredit them.

He says that the Spaniards are not to be given to their immediate people, but do not want it taken to the Cubans, says the general.

**PEACE COMMISSIONERS.**

[ASSOCIATED PRESS NIGHT REPORT.]  
NEW YORK, Sept. 5.—The United States cruiser Resolute, carrying the Cuban commission, passed out at quarantine at 5:15 o'clock, bound for Havana.

**CUBANS SURRENDER.**

SANTIAGO DE CUBA, Sept. 5.—Two hundred Cubans from Gen. Cebreco's camp in the hills, near Cobre, this province, came to the city this afternoon, surrendered their arms and asked for rations. Gen. Lawton took the arms and put the men to work on the waterworks to earn their rations. The Cubans say their forces in Santiago province are suffering from want of food, and are on the point of breaking out, and that no provisions and cannot get forage.

**MILES'S TELEGRAMS.**

**They Show He Was in Power in Cuba.**

KANSAS CITY, Sept. 5.—The Star this afternoon prints the following article from its special war correspondent J. D. Whipple, touching on the Alger-Miles controversy:

"The statement made semi-officially from Washington that Maj. Gen. Miles was not in command of the Santiago expedition up to the time he left Tampa, is not borne out by the official records of the War Department. These records prove that Miles not only conducted the preliminaries with Gen. Garcia, but was then recognized by the

War Department as general commanding, even of Gen. Shafter's army.

"The details of Gen. Shafter's actual equipment and movements were naturally left to Shafter, but a general plan was devised by Gen. Miles and directions were issued to Gen. Shafter by him, explaining, after leaving Tampa, the latter entirely ignored. Gen. Shafter left Tampa with the full understanding that he was subject to orders from Gen. Miles, and up to that time the War Department recognized this state of affairs, which is provided for in the Federal Statute authorizing the army of the United States."

The above is shown, according to the Star, by three telegrams. The first of these telegrams is from Gen. Miles to Gen. Garcia, and is as follows:

"HEADQUARTERS OF THE ARMY, June 2, 1898. 'In the field, Tampa, Fla., June 2, 1898. 'Lieut. Gen. Garcia, Cuban army. Dear general: I am very glad to have received your officers, Gen. Enrique Collazo and Lieut. General Garcia, and the latter of whom returns tonight with our best wishes for your success. It would be a very great assistance if you could have the use of the possible in the vicinity of the harbor of Santiago de Cuba, and communicate any information by signals which Gen. Hernandez will explain, and which to our navy, or to our army on its arrival, which we hope will be before many days."

"It would also assist us very much if you could drive in and harass any Spanish troops near or in Santiago de Cuba, threatening our communications at all points, and preventing by every means any possible reinforcements coming to that garrison. While this is being done and before the arrival of our army, if you can seize and hold any commanding position to the east or west of Santiago or both that would be advantageous for the capture of the city. It will be exceedingly gratifying to us. With great respect and best wishes, I remain very respectfully, 'Signed, 'N. J. MILES, Major-general commanding United States army."

The second dispatch is Gen. Garcia's reply to the Star, and is an understanding with Gen. Miles as to the plan of campaign. It follows:

"June 9, 1898, via Washington. 'To Gen. Miles, headquarters of the army, Tampa, Fla.: Garcia's reply on June 2 to your letter of June 2. 'I will take measures at once to carry out your recommendation, but concentration of force will require some time. Cuban had and Cuban army every day mysterious march without delay. Santiago de Cuba well fortified with advanced intrenchments, but good artillery reports of the Cuban army are approximately twelve thousand between Santiago de Cuba and Guantanamo, 3000 militia. Will maintain a Cuban force near Holguin to prevent reinforcements to the Cuban army. The above given to me by Admiral Sampson to forward to you."

"Signed, 'ALLEN, 'Lieutenant-Colonel."

The third dispatch is from the War Department at Washington, and reads: "WASHINGTON, June 12.—Maj. Gen. Miles, Tampa, Fla.: The following extract of telegram from Admiral Sampson to Secretary of Navy repeated for your information: 'Maj. Gen. (Nicholas Hayt) Gen. Miles' letter received through Col. Hernandez June 6. Garcia regards his wishes and suggestions as orders, and has taken measures to carry them out. He has sent a force of 12,000 men to concentrate forces at the points indicated, but he is unable to do so as early as desired, on account of his expected trip to Holguin. He will march without delay. All of his subordinates are ordered to assist to disembark the United States troops and to place themselves under arms with advanced entrenchments, but he believes position for artillery can be taken as Miles desires. Approximately, twelve thousand between Santiago and Guantanamo. He has sent force in order to prevent any going to Santiago from Holguin. Every day every assumption of good will and desire to second plans. 'Signed, 'SAMPSON."

"Signed, 'J. C. GILMORE, 'Assistant-General."

**CUBANS CENTRATING.**

[ASSOCIATED PRESS NIGHT REPORT.]  
HAVANA, Sept. 5.—The Cuban forces are now concentrating at Rojas near Caibarien, where they are expected to lay down their arms. Gen. Rodriguez reports that Gen. Maximo Gomez is in feeble health. The Cuban army is a fraction of the Cuban forces with a view to laying down arms and ending the war has already had a good effect. Reception committees met and resumed in some quarters. On several estates near Guines, this province, work has been begun at a daily wage of 70 cents.

**TRIBUTES TO THEIR OWN.**

Three Reindeer Gatherers Followed Jackson to San Francisco.

[ASSOCIATED PRESS NIGHT REPORT.]  
SAN FRANCISCO, Sept. 5.—Three members of the expedition which sailed from this city for Siberia on the schooner Volant in June of last year to buy reindeer for the United States government have returned. They are John W. Kelley, George S. Sien and Sam Leger. They landed July 17 in St. Lawrence Bay. The natives seem friendly and there was every prospect of a successful mission. Dr. Sheldon Jackson came over on the Bear and remained a few days, satisfied that the object of the expedition could be attained. Then trouble began, and for a year Kelley was in imminent danger, owing to the hostility of the natives, who objected to any diminution of their stock of reindeer.

In October, 1897, an attempt was made to shoot Sien. Then it was rumored that a Russian war vessel was coming to take them from their station. The men, who had procured 450 deer and 260 fawns, thought it best to leave, and took passage on a whaler to Port Clarence, where they landed on June 6 of this year. From that point they made their way here, glad to have escaped with their lives.

**Making Example of Campers.**

FRESNO, Sept. 5.—Walter Church, son of ex-Judge George E. Church, and Misses Lillian Albertson and Mollie Joy were arrested in this city Sunday on a charge of starting a forest fire on the government reservation near Sampson Flat. They had been out camping, and were returning to their camp after cooking their breakfast, carelessly left the fire burning. The adjacent brush soon caught, and the flames spread to the timber. Before it could be extinguished considerable damage was done. The young ladies take their arrest rather seriously, but, being very pretty, it is not likely that a jury can be found that will deal harshly with them.

Now, therefore, Monsieur le Ministre, beseech you to use without delay the rights which are conferred upon you by law, which are only conferred upon you, both for the annulment and revision of a verdict which was neither just nor legal."

"I beseech you to hear the voice, almost unanimous, of public opinion, and to put an end to the sufferings of an innocent man who has always been a loyal soldier and who has not ceased, amid the tortures of an unmerited punishment, to declare his love for the fatherland and his faith in justice being finally done him. I beg you will receive, M. le Ministre, the assurance of my most distinguished consideration."

"Signed, 'LUCIE ALFRED DREYFUS."

**ZURLINDEN SUCCEEDS CAVAIGNAC.**

[ASSOCIATED PRESS DAY REPORT.]  
PARIS, Sept. 5.—Gen. Zurlinden, Military Governor of Paris, has accepted the Ministry of War, in succession to M. Cavaignac. Zurlinden was a member of the Ribot Cabinet, which went out of office in 1895.

**YIELDING TO THE PUBLIC.**

[ASSOCIATED PRESS DAY REPORT.]  
PARIS, Sept. 5.—Interviews with the Premier, M. Henry Brisson, and the late Minister of War, M. Cavaignac, reveal the political situation in France, as it has been affected by the recent developments in the Dreyfus case, are printed today in the Echo de Paris. M. Cavaignac, in the course of the interview, said that he was not a member of the cabinet, and that he was not willing to participate in such a policy.

"You will see," said M. Cavaignac, "in what a condition the country will be taken by the new cabinet. The newspapers of Paris point out that M. Cavaignac's resignation on the war portfolio has produced a painful effect on the public mind. The while recognizing the fact that the innocence of Capt. Dreyfus has not yet been disproved, take the ground that the trial and the sentence were a miscarriage of justice. The Devil has become necessary."

It is said in some generally well-informed quarters that Premier M. Brisson will assume the war portfolio, relinquishing that of the Interior, which he holds in addition to the presidency of the council, to M. Vauquelin. In the usual way the cabinet is being reorganized. Gen. Zurlinden, who is a member of the Ribot Cabinet, has accepted the Ministry of War.

When the cabinet met today, Minister of Justice M. Sarrien informed his colleagues of the receipt of Mme. Dreyfus's request for a revision of the case. The cabinet will discuss the matter tomorrow, and the Minister of War shall have been appointed. The Premier explained the reason actuating Gen. Saussier and Zurlinden to accept the office of Minister of War. He was now awaiting, he said, the decision of the other generals to whom he had offered the portfolio.

**ANTI-ALGER PROGRAMME.**

[BY DIRECT WIRE TO THE TIMES.]  
WASHINGTON, Sept. 5.—[Exclusive Dispatch.] The continued denunciation of Secretary Alger by the newspapers without regard to party has had its effect on President McKinley, and indications point strongly tonight to the withdrawal of the Secretary from the Cabinet. A programme is said on good authority to be under consideration whereby Alger may be relieved without embarrassment to himself or the President. The plan is to appoint Senator James McMillan Secretary of War, then, according to agreement, Alger will be appointed Senator by Gov. Pinckney in McMillan's place.

A few weeks ago the President formed a plan for the retirement of Alger, and there is little doubt this would have been carried out had not Senator Burrows objected. The plan was to send Senator McMillan as Minister to Great Britain, thus making room for the selection of Alger to the Senate. At the time Burrows believed that this meant his political death. It is understood tonight that Burrows has given his consent to the new plan, and that the only thing left for determination is the date of Alger's retirement. The Secretary has been extremely reluctant to relinquish his position under fire.

Chairman Babcock of the Republican Congressional Committee denied tonight the report that the Executive Committee of the Congressional Committee intended making protest against the retention of Alger in the Cabinet. Another member of the Congressional Committee admitted that the Secretary would be a heavy load for the administration to carry through the forthcoming campaign, "but," he added, "we have no intention of asking the President to remove Alger."

**CUBANS CLIMBING DOWN.**

[BY DIRECT WIRE TO THE TIMES.]  
SANTIAGO DE CUBA, Sept. 5.—[Exclusive Dispatch.] The officer who turned over to Gen. Lawton today 200 men belonging to Gen. Cebreco's command and surrendered their arms, told Gen. Lawton that his policy of paying no attention to the Cubans had taken away all their brag and bluster. They were rapidly growing tired of loafing in the hills, and he looked to see the armies begin to melt away soon. Hunger as well as inaction was having its effect on the Cubans. They have no commissaries, and living in the country which another army has picked clean is no easy task. The men realized that the war is over, and all except a few who wish to compel the Americans to recognize their armed force are beginning to want to go home.

Col. De Mandulay of Gen. Garcia's staff arrived here today from Gibara. Col. De Mandulay is an old resident of Santiago. He gave up an important place in the provincial court here to enter the field against Spain. He called on Gen. Lawton on his arrival to deliver a friendly message from Garcia. Gen. Lawton will give him his old place as soon as the courts are reestablished. This he will do in order to encourage the Cubans to disperse and go to their homes.

## NEWS SINCE MIDNIGHT.

**ALGER VISITS SHERMAN,**

**AND THEY DO SAY HE WENT TO MAKE HIS PEACE.**

The ex-Secretary of State Smilingly Says They Are Old Friends. Plans to Get a Change in the War Department.

[BY DIRECT WIRE TO THE TIMES.]

NEW YORK, Sept. 5.—[Exclusive Dispatch.] A world special from Washington says Secretary of War Alger called on Former Secretary John Sherman tonight, accompanied by Mrs. Alger. They remained for more than half an hour. During that time the Secretary of War and Sherman were in close consultation. At the departure of Secretary Alger, Mr. Sherman stated that no significance must be attached to the visit, as it was purely of a social nature. He smilingly added: "The Secretary and I are old and good friends, you know."

The controversy between Alger and Miles, who has been a lifelong friend of Sherman, adds to the belief that the Secretary sought in his visit to pave the way for a reconciliation with the commanding general of the army, and thereby avert possible disaster to himself. The significance of the meeting is enhanced by the fact that Alger has not heretofore been a visitor at the Sherman mansion. While both were members of the Cabinet, the usual courtesies were exchanged, but no closer friendship existed.

All the circumstances lead to the belief that for a second time, Alger has been forced to make his peace with John Sherman. When given the opportunity to enter the Cabinet of President McKinley, Alger was compelled to see Sherman and adjust the differences between them growing out of the Presidential contest, in which both figured as aspirants for the nomination.

**AGUINALDO'S FORCES.**

[BY DIRECT WIRE TO THE TIMES.]  
NEW YORK, Sept. 5.—[Exclusive Dispatch.] A Herald special from Manila confirms the general press report that Aguinaldo continues saucy, and is recruiting his forces, having recently taken up 5000 new troops by consolidation of divers insurrectionary forces in the northeastern province.

This also gives him control over the entire northern end of Luzon. The insurgents continue building intrenchments on the side of the city. They also hold the waterworks in their possession, which fact carries with it the most distinct menace to the Americans in view of the approaching dry season. Aguinaldo is also busy recruiting troops. In explanation of this war-like attitude, the insurgent leader says he is preparing for resistance in case the island should be returned to Spanish rule. The general says he is willing to disarm the insurgent army if the United States will guarantee permanent protection. The rebels will hold a conference this week, delegates from each province having been appointed. The insurgents have captured every Spanish position in the bay, and, with one exception, are strengthening themselves everywhere in the interior.

**INTERFERENCE ADDED FUEL.**  
[BY DIRECT WIRE TO THE TIMES.]  
NEW YORK, Sept. 5.—[Exclusive Dispatch.] The interference with Gen. Miles's plans for landing and encamping the returning Porto Rican troops at Brooklyn Heights only adds fuel to the fire that has already been started in the War Department, and which promises to assume formidable proportions. It is manifest why the department authorities would dislike to see any demonstration in honor of Gen. Miles's army. The condition of Gen. Shafter's army has not been such that it could be reviewed, and it is feared that the contrast would give Gen. Miles superior advantage in the controversy, which, it is expected, will be opened with vigor unless the President can influence Miles to desist for the present. Miles naturally desires the friendship of the President in his fight, and there can be no doubt that he would quickly accede to the President's wishes.

**OUR CHINESE AGENT.**

[BY DIRECT WIRE TO THE TIMES.]  
WASHINGTON, Sept. 5.—[Exclusive Dispatch.] It was learned today that the United States government officially recognized the appointment of a Chinaman at Manila as consular agent. The Chinese Minister has secured from Spain an exequatur for the son of Chun, who has been appointed Consul-General in the Philippines. The exequatur was only obtained after a great deal of trouble, as the Spanish government was not certain of the extent of its jurisdiction over the islands. China is taking as much interest in the disposition of the Philippines as any foreign government, because of the large number of her subjects, and the great value of their interests in the islands.

**CASTRO WANTS CREDIT.**

[BY DIRECT WIRE TO THE TIMES.]  
HAVANA, Sept. 5.—[Exclusive Dispatch.] Señor Fernandez de Castro, civil Governor of Havana, has addressed a circular dispatch to the Mayors of provincial towns instructing them, in order to avoid mistakes, to "correct the ignorance regarding the origin of the relief supplies now being sent into the interior from Havana," and to take steps to inform every inhabitant that supplies are "bought, paid for and distributed by the colonial government, unaided by any foreign help or subscription."

**SENDING WARSHIPS WEST.**

[BY DIRECT WIRE TO THE TIMES.]  
WASHINGTON, Sept. 5.—[Exclusive Dispatch.] Either as the result of recent developments in the international situation or because of the desire of the administration to be prepared for emergencies, two of the armoredclads attached to the North Atlantic fleet will leave within the next ten days for the Pacific Coast. These vessels will in all probability be the battleships Iowa and Oregon, which are now being put in

the best possible condition at the Brooklyn navy yard. The President will finally decide upon his return to Washington.

The reports in circulation here today indicated that the vessels had been ordered to Manila, but that is not true. It is intended to attach the vessels to the Pacific station. There they will be in such a position that they will be able to defend the Pacific Coast in case of attack by a foreign power, or hasten to the Philippines to give support to Dewey.

Rear-Admiral Dewey recently cabled to the Navy Department asking to be reinforced by a battleship and an armored cruiser, but in view of the armistice, it would be manifestly improper for the administration to augment the force now in Manila Harbor. The President will do the next best thing, however, when he will give orders to the Oregon and Iowa to proceed to the Pacific station. The exact date of sailing of the ships cannot be stated, but it is understood it will be shortly before the peace commission sails for Paris. It is appreciated by the authorities that the presence of a couple of battleships in the Pacific Ocean while the peace commission is performing its work at Paris would prevent interference by Germany or any other power, more effectively than anything else. The battleships could reach their destination in fifty-five days. The Iowa and Oregon could easily keep up a speed of 11 knots an hour. Should they start within the next ten days, they will reach their destination early in November.

One explanation of the departure of the Iowa and Oregon is that they may be required to replace the vessels of the Asiatic squadron, which should come home, but, of course, they cannot be changed until peace is formally declared. On the other hand, it is positively asserted by officials in position to know, that no changes in Dewey's fleet will take place until there is a certainty of no further hostilities.

**GERMANY'S ALLEGED PURCHASE.**

[BY DIRECT WIRE TO THE TIMES.]  
HONGKONG, Sept. 6.—[Exclusive Dispatch.] A rumor emanating from Spanish sources prevails here to the effect that Germany has purchased the Palawan and Sulu islands of the Philippines group from Spain. It is said that German ships will sail to take possession of the islands as soon as the American gunboat Concord leaves here for Manila.

**The Von der Ahe Case.**

PITTSBURGH, Sept. 5.—The famous case of Mark B. Baskin, the baseball player, against Chris von der Ahe has practically come to an end, and he will probably get his money in a few days. Baskin's attorneys filed a motion in the United States Circuit Court today, asking that the appeal taken by Von der Ahe be dismissed for the reason that he had not perfected his appeal. As no objection was made by counsel for Von der Ahe, the court dismissed the appeal. It is expected that Von der Ahe's surety, the Mercantile Trust Company of this city, will pay the money, amounting to \$3000, over without further delay.

ST. JOSEPH (Mo.), Sept. 5.—A hurricane swept over St. Joseph at 3:30 o'clock this afternoon. Rain and wind utterly demolished the St. Joseph rolling mills were wrecked, damage \$10,000, and Carey's saloon, five other houses and a great many buildings were damaged. In the packing-house district were scattered to the winds. Many families were rendered homeless. The monetary loss is placed at \$150,000.

**Anglo-Russian Understanding.**

LONDON, Sept. 6.—The Daily Mail says this morning: "We learn from good authority that the Anglo-Russian understanding is practically complete. Great Britain recognizes Russia in Manchuria; Russia undertakes to satisfy Great Britain in regard to the railway matters and to respect England's sphere in the valley of the Yang Tze Kiang. The Daily Mail also understands that Cecil Rhodes is acting in behalf of South African interests is not going to purchase the Delagoa Railway from Portugal."

## A TRIUMPHAL MARCH

GEN. BROOKE'S JOURNEY TWO-THIRDS COMPLETED.

Everywhere the Spanish Civil Guard Presents Arms and Natives Beam With Pleasure.

COOL PINO TO RECEIVE HIM.

WILL REACH SAN JUAN BEFORE THE OTHER COMMISSIONERS.

Gen. Wheeler Reports President's Visit to Wifoff as Very Beneficial—Gen. Pando Gossips Troops for Honolulu.

[ASSOCIATED PRESS NIGHT REPORT.] SAN JUAN DE PORTO RICO, Sept. 5.—Major Gen. John D. Brooke, his staff and escort have completed two-thirds of their journey across the island toward this city. The march has been like a march through a friendly territory. Saturday, Gen. Brooke stopped at Cayey. Yesterday he reached Caguas, twenty miles from here. This afternoon he enters Rio Piedras, one of the aristocratic suburbs of San Juan, where he will establish his headquarters.

Gen. Brooke has accepted the hospitality of Capt. Gen. Macias, who graciously offered him the use of his private residence at Rio Piedras. The column, though small, is imposing, and is making a deep impression. As it wound its way over stately mountains covered by their summits with coffee and tobacco plantations, and through broad savannas, the Spanish soldiers, with his chief of staff, rode at the head of the column. The natives, who had news of the coming of the Americans, lined the streets, their faces showing their pleasure, although there was no demonstration. At intervals along the way, the Spanish soldiers of the Guardia Civil presented arms as our troops passed. Gen. Brooke will have arrived here in advance of the American commissioners, who are expected Wednesday by the Seneca. The City of Cadiz of the Spanish Transatlantic line arrived this morning from Coruna, the first ship direct from Spain to reach here since the termination of hostilities. She carries the Spanish mails, is bound for Havana, and will then proceed to New York. The French steamer Notre Dame du Salut, which was to embark the first installment of Spanish troops for Spain, consisting of the sick in the hospitals and a few Spanish officers, went around on entering the harbor today. Gen. Brooke, upon his arrival at Rio Piedras, will be received by Col. Pino, the local commander there. The sessions of the military commission, it is understood, will be held in the palace here.

## CAMP WIKOFF.

Gen. Wheeler Reports the President's Visit Beneficial.

[ASSOCIATED PRESS NIGHT REPORT.] WASHINGTON, Sept. 5.—Secretary Alger today received the following: "CAMP WIKOFF (Montauk Point), Sept. 5.—Secretary of War: I have made a thorough inspection of the camp today. The steam laundry for hospitals in full operation. Waterworks are again working satisfactory. The health of the troops is improving. Visit of the President was very beneficial." [Signed] "WHEELER, Commanding."

GEN. STERNBERG'S LOOK.

[ASSOCIATED PRESS NIGHT REPORT.] CAMP WIKOFF (Montauk Point), Sept. 5.—Surgeon-General Sternberg arrived here today. He was to see for himself how the camp looked, and to inquire into the sanitary arrangements. Gen. Sternberg tonight stated that he had visited the hospitals, and that he had found them in excellent condition. He considered that the camp site had been well chosen. He was gratified to find that the sick men had not come on a special mission, but simply on a visit of ordinary inspection. When he returns to Washington, he will make a verbal report to Secretary Alger.

A heavy fog covers the camp tonight, and a cold wind is driving the moisture into the air. There are about 1800 sick men. Three additional deaths were reported at the Detention Hospital this evening.

SHAFER IN CHARGE.

[ASSOCIATED PRESS NIGHT REPORT.] WASHINGTON, Sept. 5.—Adj.-Gen. Corbin received a dispatch tonight from Gen. Shafter announcing that he had assumed command of Camp Wikoff, Montauk Point.

ALGER BEGINS INQUIRING.

[ASSOCIATED PRESS NIGHT REPORT.] WASHINGTON, Sept. 5.—Secretary Alger sent the following order to Montauk Point tonight: "WASHINGTON, Sept. 5.—The commanding general, Montauk Point. The New York World of about the 28th ult. published a statement of the death of Private Hugh Barrett of the Eighth Regiment, in which it is charged that when he begged of Dr. — to take him to the hospital, he was refused. It is stated that the hospital was for sick men, and it is reported that Barrett died that night. This account is sent me by Representative Brown of Ohio, who says there is great indignation in his community over the case, and if it is as represented, there should be a full inquiry immediately instituted to find out about this matter and report to me."

"I understand one Sgt. Rich of the same company or regiment is under arrest for having complained of this matter. I have heard much of the neglect of the men, much of which, I doubt, is fictitious, but if there is any foundation for this statement or if there are any men ill in the regulars or in their tents, that are not provided for, I wish to know the reason why and at once; also the names of the officers in command of the regiment and company in each case."

[Signed] "R. A. ALGER, Secretary of War."

OVERCROWDED HOSPITAL.

[ASSOCIATED PRESS NIGHT REPORT.] CAMP WIKOFF (N. Y.), Sept. 5.—The transport Roumanie, which arrived yesterday morning with 600 troops from Santiago, was the means of an additional test of the capacity of the hospital in the detention camp. Of the 600 men on the Roumanie, about 200 were so sick that they had to be put in the hospital. The authorities of the detention hospital, although they knew of the transport, had received no notice as to the number of sick men they would be expected to care for. At the time of the arrival of the sick men from the Roumanie, the hospital already had

nearly 600 patients, and these 200 additional ones swelled the number to about 800, or 240 more than the hospital comfortably can hold, and a mattress was spread on the floor.

MORE ABOUT PRIZES.

[ASSOCIATED PRESS DAY REPORT.] NEW YORK, Sept. 5.—A dispatch to the Herald from Washington says:

"Rear-Admiral Sampson has realized a snug little fortune as a result of the war. As commander-in-chief of the North Atlantic fleet, he will get one-twentieth of every prize taken in North Atlantic waters, and one-twentieth of the head money allowed for the vessels destroyed off Santiago, and in Cuban ports. It is estimated that he will finally receive about \$40,000 as such as his share of the prize money."

Notwithstanding the amount of head money due officers and men, it will be necessary for the department to decide whether a vessel destroyed was inferior or superior to her antagonist. If the latter, the American ship will be entitled to \$200 for each person on board the enemy. Of course, this will swell the amount of prize money due the rear-admiral. It is estimated that, including the Mercedes, sunk by the Massachusetts at the mouth of the San Pedro River, there were 2400 persons on board the Spanish fleet destroyed by Rear-Admiral Sampson's command, which was superior to the enemy, and the amount of head money due the fleet will consequently aggregate \$480,000.

These ships, Spanish men-of-war were sunk at Manzanillo, Nipe and other points along the Cuban coast, the destruction of each of which means prize money for the officers and men participating in the work. Legal officers of the department will be required to determine whether merchant vessels carrying guns in their hold, like the Santo Domingo, which was sunk by the Eagle, come within the meaning of the section providing for the payment of bounties for persons on board. The result of these questions will be to delay the adjudication of the amounts due to officers and men interested.

The Navy Department was notified a few days ago by Judge Locke of Florida that he could turn into the treasury the net amount resulting from the sale of the cargo of coal on board the British tramp steamer Restormel.

The Restormel case is the further-est advanced of any of the prizes.

Owners of the great majority of the captured vessels have taken appeals from the courts which have condemned their ships as prizes, and it will be many months before the Supreme Court is able to pass upon them.

WILL CROSS THE OCEAN.

[A. P. EARLY MORNING REPORT.] SAN FRANCISCO, Sept. 5.—The Examiner reports Brig.-Gen. Miller, now in command of the troops here, as saying that within a month three of the regiments now stationed at the Presidio will be on their way to Honolulu. They are the First Tennessee, Fifty-first Iowa and Twenty-ninth Kansas.

The Sixth and Seventh California regiments are to be mustered out; the California Heavy Artillery has also been mustered out, and the Eighth California will be assigned to various duty.

Three regiments named available for service in Honolulu or Manila, and the general expects orders to send them across the ocean for active service.

## PANDO A GOSSIP.

He Declares That There Has Been No War.

[A. P. EARLY MORNING REPORT.] NEW YORK, Sept. 5.—Gen. Luis N. Pando, the former commander of the Spanish troops at Manzanillo, who arrived on the Ward liner Philadelphia, spoke to the newspaper men through an interpreter. Asked to express his views of the war in general, he replied, with a gesture of derision: "Why, there has been no war. There are 200,000 soldiers in Cuba, and I have not seen an American soldier. My opinion is," he continued, "that the Spanish and American soldiers were simply invading each other's territory. The politicians made fools of the soldiers; they sold them."

Asked if he believed that Gen. Toral should be court-martialed, Gen. Pando replied: "I believe that, in the regular course of events, considering what has happened, he will be."

Asked to explain the story which has been printed, to the effect that he had secretly fled from Cuba with \$12,000,000 Gen. Pando replied: "When I got back to my country I will get what is of more value to me than the money. I will get the respect of my fellow-countrymen."

In response to the question of his destination, Gen. Pando said that he was coming to Manila. He would get there, he said, as quickly as possible, in order to attend the meeting of the Cortes. He would not go to Paris, as thought. Asked if he thought the Cubans could govern themselves, Gen. Pando said that he thought they could.

DENYING HIS YARNS.

[ASSOCIATED PRESS NIGHT REPORT.] NEW YORK, Sept. 5.—Gen. Pando was feeling well at the Hotel America today, and for about two minutes he submitted to an interview by newspaper representatives.

The first thing he had to say was that a misunderstanding had gone abroad about his criticism of Gen. Shafter. He declared he thought Gen. Shafter an able general, and he doubted if any other American could have brought the Santiago campaign to such a speedy close with such little bloodshed.

Pando also took occasion to deny the story about his duel in Mexico. He said that he did not even know such a person as he had been reported as fighting with. Pando will sail tomorrow on either the Lahn or the Adriatic.

AD ZULANDEN PARIS. J. G. Zulueta, Gen. Zulueta, who accepted the war portfolio was communicated to President Faure. After long conferences with the Minister of the Interior, M. Brissot, and the Minister of Justice, M. Sarrien, Gen. Zulueta was interviewed by a newspaper representative.

The Minister of Justice, the general said, asked for the Dreyfus documents. When these were given him, he added that he would study the documents carefully and inform himself thoroughly regarding the case before discussing it with the Cabinet.

MISS GOULD'S GENEROSITY.

[ASSOCIATED PRESS NIGHT REPORT.] CAMP WIKOFF, Sept. 5.—Miss Helen Gould has notified the hospital authorities that she has provided quarters for twenty sick soldiers at her place at Irvington on the Hudson. The number of sick men will be sent there. There were six deaths in the general hospital today.

DEATHS AT CAMP MEADE.

[ASSOCIATED PRESS NIGHT REPORT.] CAMP MEADE (Middleton, Pa.), Sept. 5.—Three deaths occurred today at Camp Meade. The Thirty-third and Thirty-fourth Michigan started today for Island Lake, and the Seventh Illinois, Third Missouri and Twenty-second Kansas expect to get away within the next forty-eight hours.

MILES DUE TODAY.

[ASSOCIATED PRESS NIGHT REPORT.] NEW YORK, Sept. 5.—Gen. Miles is expected to arrive in New York on the transport Ogdan tomorrow. On board the Ogdan are also the Wisconsin volunteers. Besides the Ogdan, the

transport Chester is expected to arrive with Gen. Schwan and Haynes and the Fourth Pennsylvania Volunteers on board. The Ogdan and the Chester will be met down the bay by several ferries and tugs. The soldiers will be taken off the vessels and landed at the nearest respective railroad stations.

LIEUT. STACY DEAD.

[ASSOCIATED PRESS DAY REPORT.] WASHINGTON, Sept. 5.—The following was posted at the War Department today:

"CAMP WIKOFF, Sept. 5.—Adjutant-General, Washington: Following telegram received: "GORHAM (Me.) Sept. 4.—Lieut. Stacy died here this morning."

[Signed] "CLINTON STACY, M.D., 'ASKET, Commanding."

Lieut. Stacy was one of the most celebrated football players on the West Point team. It has been a subject of remark that many of the highly trained athletes and football players of the army succumb in service as quickly, if not more so, than others.

CERVERA LEAVES ANNAPOLIS.

[ASSOCIATED PRESS DAY REPORT.] ANNAPOLIS (Md.), Sept. 5.—Admiral Cervera, his son, left today for Norfolk for the purpose of completing arrangements for the transportation to Spain of the prisoners now confined at Fort Mifflin, N. H., who were captured in the naval fight off Santiago.

SHAFER RELEASED.

[ASSOCIATED PRESS DAY REPORT.] MONTAUK POINT, Sept. 5.—Gen. Shafter came out of the detention camp today. He is somewhat improved in health. He said that Camp Wikoff would be continued for some time, and although many of the troops here were to be sent away, the camp would be fitted up with barracks and other accommodations of several thousand men during inclement weather. Advice from Washington today says that 4500 recruits will be sent from southern posts to join the Fifth Army Corps here. Gen. Wheeler has resumed command of the cavalry, and Gen. Young will perform the duties about the camp. Gen. Shafter is now in full command of Camp Wikoff.

LEFT FOR HOME.

[ASSOCIATED PRESS DAY REPORT.] LEXINGTON (Ky.), Sept. 5.—The First New Hampshire Regiment and the Fifth Illinois left today for their home States to be mustered out.

CHAPLAIN MINTYRE SURPRISED.

[ASSOCIATED PRESS DAY REPORT.] SAN FRANCISCO, Sept. 5.—Chaplain Joseph E. McIntyre, reported in an Associated Press dispatch from Washington as having been ordered court-martialed for certain utterances made by him against naval officials, is in this city and not in detention today. He arrived here some days ago. He professed to be greatly surprised when told of the action of the department today, and says that he has been misquoted and misrepresented by the newspapers and that the reported interviews with him published by several eastern papers were garbled. He says that he will prove his conduct to have been above par, and not unbecoming an officer.

OHIO HOSPITAL TRAIN.

[ASSOCIATED PRESS DAY REPORT.] COLUMBUS (O.), Sept. 5.—The Ohio hospital train has reached the southern terminus on its journey and is now en route home with its burden of sick, to which it is adding at each point where there are troops located. The time has been made, owing to various causes, and the attempt to gain time by dividing the train and sending cars to various points in the extreme south after the sick has resulted in just what it was sought to avoid. The train will reach Columbus Wednesday afternoon, hauling ninety-seven sick on board. Two cars from Fort McPherson were added to the train. The sick are all doing well.

OF COURSE HE WILL.

[BY DIRECT WIRE TO THE TIMES.] WASHINGTON, Sept. 5.—[Exclusive Dispatch.] Senator Allen of Nebraska says the report that Col. Bryan wishes to resign his seat in the Senate is not true. The Senator declares that Col. Bryan will remain in the service until the government is ready to discharge him.

WHY HE STAYS.

[ASSOCIATED PRESS NIGHT REPORT.] WASHINGTON, Sept. 5.—No request has been received at the War Department for the immediate muster-out of Col. Bryan's regiment, the Third Nebraska. It is also said that if such a request was made it could not be complied with, because the quota for Nebraska to be mustered out has been filled.

SANTIAGO SUFFERERS.

[ASSOCIATED PRESS NIGHT REPORT.] WASHINGTON, Sept. 5.—Gen. Lawton's report, received by the War Department tonight, concerning the health conditions of the American forces at Santiago, follows:

"SANTIAGO, Sept. 5.—Total sick, 240; total fever, 135; total new cases, 12; total number returned to duty, 17; deaths, 3."

[Signed] "LAWTON, Commanding."

WESTWARD HO.

Nothing Definite About Movement of Troops to Manila.

[ASSOCIATED PRESS NIGHT REPORT.] WASHINGTON, Sept. 5.—It was stated at the War Department today that nothing definite has been determined as to the movement of troops now at San Francisco to Manila, which depends upon information which is expected to be received from Gen. Merritt as to the necessity for such troops. Probably three regiments will be sent to Honolulu if they do not go to Manila.

If Gen. Merriam, on his return, reports that there is good camping ground at Honolulu, the troops will be sent there if not needed at Manila.

EIGHTH REGIMENT.

Four Companies to Be Sent North—All Will Move.

[ASSOCIATED PRESS NIGHT REPORT.] SAN FRANCISCO, Sept. 5.—Four companies of the Eighth California Regiment have been designated for garrison duty at Fort Vancouver, Wash. Asst. Adj.-Gen. Field at once wired the department, asking that the number of companies for Vancouver be increased to six. Col. Henshaw, and Lieut.-Col. Carrington will go to Vancouver with the battalion assigned to that post. In the event that six companies are sent to Vancouver, the other six will be assigned as follows: One at Alcatraz, two at Benicia and three at Fort Point.

Orders have been issued for the Eighth Regiment to move from Camp Barrett to Camp Merriam Thursday. The companies of the Sixth, now doing duty at Benicia, Alcatraz and Santa Cruz, have been ordered here, and will arrive Thursday. They will join the battalion now at Fort Point, and go into camp there preparatory to being mustered out.

CAMP NOTES.

SAN FRANCISCO, Sept. 5.—Many of the members of the Sixth and Seventh

California regiments, which have been mustered out, wish to remain in the service, and have applied to the authorities for transfer to other regiments. Private Anderson, one of the Tennessee men implicated in the assault on the negro Thomas, has been acquitted by the general court-martial of the Second Brigade.

There was a total of 416 cases of illness in camp today. Ten new cases came in, two of them being typhoid fever. On the whole, typhoid fever is not spreading. The utmost sanitary vigilance prevails at the camp. The policing is most severe, and there is no crack in the discipline to creep in.

The two men of the Washington regiment who were held in the guardhouse for circulating a petition to be mustered out have been dismissed with a reprimand.

STILL THE TYPHOID.

[ASSOCIATED PRESS NIGHT REPORT.] SAN FRANCISCO, Sept. 5.—Private A. C. McCune, Co. I, Second Oregon Volunteers, died today of typhoid. Three cases of typhoid were admitted to the Division Hospital today. Private William Bacon, Co. K, Twenty-third United States Infantry; Sergt. Alfred B. Fry and Private Elsiea Doran, Co. H, Fifty-first Iowa.

TRANSPORT ASHORE.

[ASSOCIATED PRESS NIGHT REPORT.] POINT JUDITH (R. I.), Sept. 5.—The steamer Lewistown from Montauk Point for Boston with 125 sick soldiers on board, has gone ashore. All are safe.

PROPOSALS FOR PEACE.

PLANS AND SPECIFICATIONS WILL BE DRAFTED TODAY.

Official Announcement of Selections for Commissioners Are About Due—Secretary of State Day Will Resign on the Twelfth of This Month.

[BY DIRECT WIRE TO THE TIMES.] WASHINGTON (D. C.), Sept. 5.—[Exclusive Dispatch.] At a Cabinet meeting tomorrow an actual beginning will be made in deciding upon the final draft of instructions for the American commissioners to the Paris peace conference. The first draft of these instructions have been drawn, and will be laid before the Cabinet for changes. Probably the official announcement of the selection of American peace commissioners will tomorrow be sent to Spain through the French Ambassador.

DAY'S RESIGNATION.

[ASSOCIATED PRESS NIGHT REPORT.] CLEVELAND (O.), Sept. 5.—Secretary of State Day and Mrs. Day arrived in Cleveland this morning. To an Associated Press reporter Secretary Day said that he had intended to return to Washington and hand in his resignation on the 12th of this month.

THEIR IDEAS INFLATED.

PHILIPPINE LABORERS ARE STRIKING FOR EXCESSIVE WAGES.

Americans Paid Their Extravagant Demands in the Early Exigencies, but Don't See Why They Should Do It Now—The New Tariff Circulated.

[ASSOCIATED PRESS NIGHT REPORT.] MANILA, Sept. 5.—[By Asiatic Cable.] There have been several labor strikes here, the latest being the Pennsylvania strike. Because the American authorities in the early exigencies of the situation here, agreed to the extravagant demands of the laborers, it has been difficult to return to an equitable basis. One of these strikes caused the suspension of traffic on the tramways of Manila for three days.

Copies of the new tariff have been circulated here, but it has not yet been enforced, pending the receipt of instructions from Washington. It is estimated that under the American tariff there will be an average reduction of one-third as compared with that of Spain. The new tariff, which is in the Spanish language appeared here today.

NAMES ON MARBLE.

[ASSOCIATED PRESS NIGHT REPORT.] PITTSBURGH, Sept. 5.—When Co. B of the Tenth Pennsylvania Volunteers, returns from Manila, its members will find their names emblazoned on tablets of marble on a huge steel tablet design, standing in the very center of the business section of New Brighton, a few miles below this city, and surmounted by the flag they fought and bled for in the Philippines. The memorial is of the finest steel, and 130 feet high. It stands at the junction of the main path to the little park in the center of town. On the pinnacle is a thirty-foot flag pole, also of steel. Around the four sides of the base are placed four tablets, upon which are engraved the names of every man in Co. B, who went to Manila. The memorial is erected by public subscription, and is the result of a move started soon after the battle of Manila.

MANY SICK SOLDIERS.

[ASSOCIATED PRESS NIGHT REPORT.] PHILADELPHIA, Sept. 5.—The hospital ship Relief from Ponce and other points in Porto Rico arrived in this city tonight. The ship was crowded with officers and soldiers. During the voyage from Porto Rico there were four deaths, all of whom were buried at sea.

DIXON DIDN'T MIND BLEED.

[ASSOCIATED PRESS NIGHT REPORT.] PHILADELPHIA, Sept. 5.—George Dixon of this city and "Joe" Bernstein of New York were the attractions tonight at the Arena in a six-round fight in which Dixon proved himself the better man. Bernstein punched Dixon hard in the first two rounds, and the latter was bleeding from George's nose. For the next three rounds Dixon began to rush Bernstein, and repeatedly landed heavy blows on Joe's stomach and around his head. When the bout ended Dixon gave every appearance of being the better man.

Bayard's Condition Improved.

DELMAS (Mass.), Sept. 5.—The condition of Hon. Thomas F. Bayard today was slightly improved, and for the first time for twenty-four hours he was able to receive the visitors of his family. The physicians state that the heat has a very weakening effect upon Mr. Bayard, and that his condition undergoes a rapid change, the better as soon as the heat subsides.

MANY THANKS.

"I wish to express my thanks to the manufacturers of Chamberlain's Colic, Cholera and Diarrhoea Remedy for having put on the market such a wonderful medicine," says W. W. Massingill of Beaumont, Tex. There are many thousands of mothers whose children have been saved from attacks of dysentery and cholera infantum who must also feel thankful. We know, too, that there are many old soldiers who feel thankful for having been cured of chronic diarrhoea by this remedy. Try it, if you need such a medicine, and you will feel thankful for the benefit received.—Adv.

# FIVE HARNESS RACES

OPENING DAY OF THE STATE FAIR MEETING.

Weather Was Neither Too Hot Nor Too Cool, but Just the Kind That Suits Horsemen.

DOLLIE D. THE CHIEF WINNER.

SHE TAKES THE OCCIDENT STAKES IN STRAIGHT HEATS.

Morning and Afternoon Baseball at Boston and Other Places—Races at Chicago and Elsewhere. Burge's Easy Victory.

[ASSOCIATED PRESS NIGHT REPORT.]

SACRAMENTO, Sept. 5.—The State Fair opened this afternoon with a fine racing programme at the park, and tonight the large exposition building was opened with a splendid display. There are many visitors in the city from other parts of the State. The weather is just right, neither too hot nor too cool, but the quality that suits the horsemen. The attendance was good for the opening day, but will improve daily. There were five harness races on the list today. The Occident trotting stakes for foals of 1896, valued at \$250, was won by Dolly D. in straight heats, Ansel second, Lynwood third; time 2:25 1/4, 2:26, 2:21. The other starters were George Buckman and Maud Washington.

Trotting, 3:00 class, mile dash: Mamie Riley won, Bonoline second, Bertha third; time 2:14. The other starters were Phoebe Childers fourth, Joe Selby fifth, Sibyl S. sixth, Aggregate last; time 2:16.

For tomorrow there are five running races on the card.

"OLD GLORY" MEET.

Good Racing for a Big Crowd at Hartford Yesterday.

[ASSOCIATED PRESS NIGHT REPORT.] HARTFORD (Ct.), Sept. 5.—The opening day of the "Old Glory" racing meet at the grand circuit at Charter Oak Park was greeted by a big crowd of spectators, and the racing was very good. The chief interest was in the 2:05 pace, which was taken by Frank Bogash in three straight heats, after his having taken two fourth places and one fifth and one second place in previous heats. Bogash lowered his record a quarter of a second in the first heat, but was deserted by the talent after winning the second heat. Chetahls, the favorite, was ruled out after the fifth heat, not getting a first. The track was fast and the time good.

Summaries: The 2:14 trot purse \$2000: Dione won in straight heats; best time 2:09 1/4; Ruby second Al Rich third.

The 2:05 pace purse \$1500: Frank Bogash won fifth sixth and seventh heats. Planet won third and fourth heats. Bums won first and second heats. Best time 2:04 1/4. Anaconda and Chetahls also started.

The 2:15 pace, purse \$1000: Fannie Dillard won first, third and fourth heats. Dan M. won second heat; Edward O. third; best time, 2:09 1/4.

COAST BASEBALL.

Borchers Bowles the Stocktonians Over Like Ninepins.

[ASSOCIATED PRESS NIGHT REPORT.] SAN FRANCISCO, Sept. 5.—The Athletics were a sad and morose lot of youngsters when they left Recreation Park today. By dint of hard work and well-placed hits, they managed to tie their rivals' score, but try as they would, not another run could they land. Borchers, for Stockton, bowled them over like nine-pins, and when the strike-outs were counted at the end of hostilities, the "Chief" had 13 to his credit. This in itself was a great victory, but Borchers took it upon himself to send in the necessary run that broke the spell with a well-placed two-bagger to the center-field fence.

Score: Stockton, 4; base hits, 9; errors, 3. Athletics, 2; base hits, 7; errors, 1. Batteries—Borchers and Pace; Fitzpatrick and Ford.

## Emptying-out Sale of Graniteware. Prices Almost Cut in Two.

No sale of equal magnitude was ever conceived by Los Angeles storemen before. The rush of yesterday thinned out several lines. Some are replenished—some never will be. At store closing last evening the chief of this house-furnishing store couldn't give an intelligent and detailed account of what was left.

We can only pick here and there from the prominent ones that are forcing their way to the front.

## Flexible Rubber Dental Plates.

Our New PROCESS OF FLEXIBLE DENTAL PLATES is yet but little understood by the public and less understood by dentists in general. It has many advantages over the ordinary rubber plate—seven gold plates—being lighter and thinner. The plate being flexible—only a trifle thicker than heavy writing paper—fits closer to the mouth, wears last longer and is tougher than any other rubber. Once tried, no other plate will be desirable. Brought to the notice of the public through Dr. Schickman only.

**ALL ALONG THE LINE.**  
Apropos to the shipment of Milwaukee beer by the railroad to Manila the question may be asked: Why not Los Angeles-made beer? The Honolulu as well as the Manila markets are well worth investigation by Los Angeles manufacturers.

When the street paving that is now under way shall have been completed on our chief thoroughfare an added attraction to next winter's tourists will be in evidence. Handsome buildings and beautiful, clean streets are the very best kinds of permanent advertising to charm visitors and induce them to become permanent citizens of a metropolis.

Secretary R. M. LeLong, the veteran member of the State Board of Horticultural Commissioners is authority for the statement that thousands of orchard trees in the drought-stricken portions of the State will perish for lack of sufficient irrigation. In the environs of Los Angeles, however, throughout this country very little tree loss is likely, except in stock set out last winter.

Up in the Santa Clara Valley, within shipping distance of Oxnard, where the big beet-sugar factory is located, the beet growers have found difficulty in securing a sufficient number of cars in which to ship their beets fast enough to supply the demand of the factory. While this has delayed delivery of the crop thousands of tons have been converted into sugar and thousands of dollars distributed among the industrious farmers.

The very best evidence of the substantial growth and development of Los Angeles is the great number of attractive, up-to-date residences and handsome blocks that have been built this year and are being erected in the city. In every residence section of the city pretty cottages and pretentious homes are to be seen that have been recently finished or are in process of completion, while on Main, Spring, Broadway and some of the cross streets in the business section of town palatial blocks finished and building germinate the eye and attest the faith investors have in the present and future of the City of the Angels.

**PERSONALS.**  
W. E. Gilbert of St. Louis is in the city.  
W. R. Wheat has returned from the North.  
James A. Montgomery left yesterday on a trip to New York and a visit to his mother at Brantford, Can.  
Hugh M. Burke, one of the best-known newspaper men of San Francisco, and a prominent member of the Bohemian Club, is at the Hollenbeck.  
W. B. Childers, United States District Attorney at Albuquerque, N. M., who has been in Southern California with his family for several weeks, went home yesterday.

**Blackie on His Mule.**  
W. H. Rogers, who says he has been working for the Santa Ana Cacao Water Company, was taken to the Receiving Hospital yesterday afternoon for treatment. He was suffering from a severe cut over the right eye, and another just below it, which were sewed up by Dr. Ralph Hagan. Rogers says a man whom he knows as "Blackie," who formerly worked for him, had met him at the corner of First street and Main alley, where they had some words, after which, he says, "Blackie" struck him with brass knuckles on his hand, inflicting wounds. The injuries are painful, but in no wise serious.

**Wong Was a Scrapper.**  
Wong Wan and Frank Punita were disposing of their wares at the market on Los Angeles street yesterday morning when they quarreled on account of a discussion over prices. Punita thought he could do up the Celestial, but he found his match and came out second best. Officer Craig happened along about the time the fight was thickest, so he sent both men to the station, where they put up ball to appear today, on a charge of disturbance of the peace.

**Talking Mary Again Arrested.**  
Mary Tassell, who talked Justice Morrison and his court to a standstill a few weeks ago, was arrested last night by Officer Henderson at the corner of First and Los Angeles streets and sent in to serve a ninety-day "dozer." Mary started in to tell all about it to the clerks and officers at the station, but she was hustled into the keeping of Matron Gray before she had time to say more.

**Struck by an Electric Car.**  
Yesterday afternoon about 3:30 o'clock, as Officer Fay and M. Davis of San Diego were crossing Sixth street at Hill, Traction car No. 106 came along, collided with their rig, and completely demolished it. Both men were thrown out, but escaped uninjured. Mr. Fay says he heard no bell rung by the motorcar, and he says he has several witnesses to that fact.

## A FOUL CONSPIRACY.

COL. BERRY UNEARHS DIABOLICAL PLOTS AGAINST SEVENTH.  
A Related Reply to the Chamber of Commerce.

Col. John R. Berry of the Seventh Regiment has sent a belated answer to the telegram sent him by the Chamber of Commerce last week, asking him if he would or would not have a canvass made of his soldiers to ascertain the designs of the regiment as to the war is ended. His letter is as follows:

"Headquarters Seventh California Infantry, United States Volunteers, Camp Merriam, Cal., Sept. 3, 1898. Mr. Wiggins, Secretary Chamber of Commerce, Los Angeles, Cal.—Dear Sir: I did not reply to your second telegram of September 1, which I received yesterday morning, because, before it was possible for me to take action in the matter, I learned that the regiment was to be mustered out, and this made a reply unnecessary. I will add, however, that if I had made a reply it certainly would have been no. I am quite well aware that this course will subject myself to the charge of trying to coerce the men of this regiment to stay in the service against their will, but I choose rather to subject myself to such a charge than to do such a very unparliamentary act as to request of me. I know I am sustained in this position by superior authority, whose approval is worth very much more to me than any favor I might gain from anybody by taking a different course. When all the facts become known I think it will appear that action taken at Los Angeles was ill-advised, and that the effect of it has been to assist in bringing reproach upon the regiment which represented Southern California in the volunteer army of the United States in the war with Spain, and which, up to the time of these unfortunate occurrences, had maintained every reputation for discipline, efficiency and soldierly qualities generally, of which its officers and men alike could well be proud.

"The fact that I ultimately appear that the agitation among the men to be mustered out was the work of a few malcontents, such as are always found in an organization of this size and kind, and who are always more bent upon stirring up strife, dissatisfaction, etc., than upon the proper performance of their duties. I believe the vast majority of the men in the regiment, with the case properly presented to them, prefer to continue on until they have exhausted every chance of seeing other or additional service. I believe that to be the honorable thing for them to do, and my position in the matter was based upon that belief.

"The so-called polls that it is alleged have been made of the regiment to ascertain the sentiment of the men, were, to all intents and purposes, the merest fakes. In particular, one which appears in the Examiner today is to be so characterized, because I have positive information that in several cases the companies were not canvassed at all, and that in other cases the canvass revealed exactly opposite sentiments from those expressed by the Examiner.

"The result is that the regiment has been put in the attitude of seeking release from military service after the fashion of a man who made a contract to do a certain thing, and then asked permission to throw it up because he did not like the job. The result of waiting, as it appears to me it should have waited, and as I know it appears to the very best men in the regiment, until the party of the other part of the contract, namely, the United States government, in whom the option resides, has notified the regiment that its services are no longer needed.

"As to the sickness that has prevailed in the regiment, I am safe in saying that when all the facts become known by the official inquiry now in progress, it will appear that some very foolish things have been said and done by the friends of the regiment in regard to it. The newspapers of San Francisco have been guilty of the most malignant, persistent and studied efforts to misrepresent the facts, and the concert in this matter was such as to arouse the suspicion that they were thus seeking to accomplish a purpose, the end of which, in part at least, may be seen in the fact of the retention in the service of the Eighth Regiment, which was mustered in under the second call, and the practical substitution of it for the Seventh, thus placing California in a position of being represented in the volunteer army by two regiments, both from the northern part of the State. The attempt to accomplish this, to my personal knowledge, has been going on almost ever since that regiment entered the service, and by the assistance of the people of Southern California the desired end has been accomplished.

"I trust that that which this is written with feelings of the greatest respect for the honorable body of which you are secretary. I never expect to see the day when I will have any apologies to make to anybody for the course I have pursued as the commanding officer of the Seventh California Infantry, United States Volunteers.

"Very respectfully,  
(Signed) JOHN R. BERRY,  
Colonel Seventh California Infantry,  
United States Volunteers.

**Street Cleaning Discussed.**  
There was an informal meeting of the directors of the Merchants' and Manufacturers' Association last night to discuss street-cleaning and other matters. The directors have for the most part been away from the city for a summer outing, and the meeting was to talk over matters which will be brought up at the regular meeting of the board on next Monday.

**With Bugle and Drum.**  
The Times was serenaded last night by the Wyatt Drum and Bugle Corps, an exceedingly well-drilled organization capable of marching in good order as well as evoking some stirring martial music from bugles and drums. The corps, which numbers twenty-five, purposes going to Denver, Colo., October 12, where they will remain until October 30 in attendance upon the national encampment of the Loyal Legion.

**Talmage at Hazard's.**  
T. de Witt Talmage, the eccentric preacher and popular lecturer, will deliver a lecture at Hazard's next Friday night. Mr. Talmage cannot be accused of dullness, and there is no doubt that he will interest his audience. This will be his only appearance in Los Angeles.

**M. B. Garvin of Buffalo and Constable Macken of Lewiston were drowned in the Niagara River at Lewiston Sunday night. The men were in a small skiff, and despite the warnings from the shore rowed up the river until they were caught in the boiling water of Niagara's rapids and their boat upset.**

## LOOK

For one moment at yourself. Are you in "good trim"? You are not in that state that perfect men are. You fear and tremble all the time. If not actually shaking, you are ever afraid that you are not full of vitality.

## AT

Once on discovering this sad state of existence you should realize what it will mean for you in the future. You will grow more like a weakling than you are now. You will further drain your system if you continue to neglect health.

## YOUR

Splendid feeling of full strength may be restored to you. Quite an army of men who were hopeless are now full of vim and fire. It is certain that you may again know what being brimful of life means, but delays are dangerous.

## SELF

It is yourself you must consider. Do not hesitate to write and ask for free circulars and testimonials telling you what "Hudyan" does for puny men. It cures them always. Rapidly, surely, permanently. Be a man once more. But "Hudyan," and "Hudyan" only, does this grand work.

If you have a suspicion that you have blood taint in any form ask for free circulars and testimonials. All forms of the disease cure. No after effects.

## LONG BEACH.

**GREAT SPREAD OF CANVAS AT THE VETERANS' ENCAMPMENT.**

**Dedication of Camp U. S. Grant, Ladies are Already in Evidence, and Will Present Veterans a Camp Register—The Programme.**

LONG BEACH, Sept. 5.—(Regular Correspondence.) Camp U. S. Grant, as the place of the annual assemblage of the Southern California Veterans' Association has been named, presents a rapidly-extending spread of canvas. The visitors are a day ahead of time this year, and if their number keeps increasing at the present rate the tented field will take up the entire block now set apart for the veterans, and some of them will have to "home-stay" a few claims along adjacent streets. The camp is today the white dwellings have been going up in rapid succession, and many of them are already occupied by their future occupants. A remarkably large number of tents have been set apart for headquarters for the several corps, camps, and other organizations which already have representatives on the ground.

The general headquarters tent, with Commander J. L. Hattery and Quartermaster J. E. Mack of San Bernardino in attendance, has been placed near the entrance of the camp, and the headquarters of the various corps and camps are being placed in the vicinity of the entrance. The programme of the day is as follows:

At 10 o'clock the Veterans' and the Southern California Veterans' Association will hold a service of dedication of the camp. The programme of the day is as follows:

## SAN DIEGO COUNTY.

**A BIG RECEPTION TO BE GIVEN TO CO. B.**

**Red Cross Society Will Tender the Boys a Hot Supper—Heavy Rain in the Back Country—Remarkable Fishing by James A. Keeney of Los Angeles at Coronado.**

SAN DIEGO, Sept. 5.—(Regular Correspondence.) The Red Cross Society, which is giving a big reception to the members of Co. B, a rousing welcome home. The Red Cross will devote its energies largely to a big supper for the boys, to be given either on the Plaza or in some large hall. The Naval Reserves, who were as willing as Co. B to go to the front, and who were equally disappointed, will be invited as guests of honor.

Major Reed and the G.A.R. posts are working for the reception, and it will be a great success. Mr. George H. Ballou, the energetic president of the Red Cross Society, has the matter in charge, and has called a meeting for tomorrow afternoon, when the various societies will get together and arrange for the reception.

It is expected that the boys will return here some time this week. Word has been received from many of them already, congratulating themselves upon being back and out being given a chance to get back to work.

**BACK COUNTRY RAINS.** Though San Diego has not received a drop of the thunderstorms that have prevailed between here and the desert, the back country in a number of places has received a thorough soaking. The heavy rain has caused a small deluge in the little town. The road between here and Campo was badly washed out. At Ramona the other day a heavy downpour occurred for several hours, which washed away the road to the Rancho Santa Ysabel, where the river to its banks and causing an immense loss of life. **SAN DIEGO BRITISH.** Mme. Modjeska and her company, under the direction of John C. Fisher, left on their tour this morning. They will stop at Santa Ana, where they will give a complimentary performance to Modjeska's friends, and will then proceed to San Jose and San Francisco. From San Francisco they will travel by private car. Mrs. Fisher accompanies her husband.

## A WORLDWIDE COMPETITION.

## Securing Plans for the University of California.

Wonderful success has been achieved in the effort of the University of California to interest architects all over the world in the great competition for permanent plans for the university grounds and buildings, a competition in which the most liberal prizes ever known have been offered, and in which an unprecedented large number of architects have submitted plans.

The plans were all to have been forwarded to the judges in cylindrical tin boxes of uniform size, but all sorts of other envelopes have been used, up to piano boxes. The following extract from the Oakland Enquirer tells some interesting facts about the competition:

"Word has reached the Greater University plans, that a large return has been made for the call for a preliminary competition. The architects competing were from every nation and the interest in the competition was very great. The plans were to have been in by July 1 with the United States Consul at Antwerp, Belgium. Before that time many plans began to arrive in all sorts of boxes, although the preliminary call stated that they should be of a uniform size."

"The plans commenced coming early in May, and fairly deluged the Consul, who had agreed to care for them. As the number increased that gentlemen became more and more certain that he could not accommodate them. He appealed to a bank but none could be found which would take the risk of storing them. Finally in despair he appealed to the commission of award, which hired a hall and stored the assortment of boxes which contained the plans."

"By terms of the announcement of the competition the commissioners, who were named from many countries, were to pass upon the competing plans immediately after the close of the competition, but owing to the large number of plans submitted this has been found impossible. The commencement of the work will take place on September 29 at Antwerp and continue until all the plans have been opened and the best picked out which the committee deem of sufficient worth to warrant second consideration. These will then be sent to San Francisco, where a final selection will be made."

"The widespread interest in the competition was the result of the extreme liberality of Mrs. Hearst, who has spared no money to make it a complete success. Prizes were offered for even those who were not successful, and every inducement was held out to secure the best architects of the world to frame the new buildings that will go to make up the Greater University of California."

Filing on Restored Lands. Today the "overlapping lands" recently restored to the public domain by the overthrow of the Southern Pacific claim to their ownership will be thrown open to settlement. The intending settlers stood in line all last night to be ready for the opening of the land office this morning. Applications for land are to be filed today at the United States Land Office, in the Gardner & Zeller building, No. 218 South Broadway.

Hollenbeck Home Opening. The second anniversary of the opening of the Hollenbeck Home for Aged People will be celebrated this evening. Reports will be read by D. W. Hanna, business manager of the home, and Mrs. Abbott, the matron, and the guests will be shown about the home. There are now forty-four women and ten men in the home, ranging in age from 62 to 90. Since the home was established nine inmates have left it and three have died.

## TALKED SOCIALISM.

Socialist Labor Party Opens its State Campaign.

The local branch of the Socialist Labor party took advantage of Labor day last night to make it the occasion of the opening of its State campaign. The meeting for that purpose was held in Music Hall, which was comfortably filled. The affair had been announced as a celebration of the holiday devoted to labor, and the attendance of many people who expected some such programme as is usually rendered on such occasions.

J. T. Van Rensselaer acted as chairman of the meeting and by way of introduction made a thirty-five-minute speech, the opening sentence of which was that the meeting was for the purpose of opening the Socialist Labor campaign in this part of the State. His address was intended to be an explanation of what socialism is, but before he started on that subject the "Marseillaise" was sung by the few in the house who knew the words, although many knew the tune and followed the air. The first part of the chairman's address was a statement of statistical information on the labor question. He then showed this by making an appeal for socialism, declaring that there was nothing in common between it and anarchy. He asserted that he was opposed to sanguinary revolutions of any kind but that all that he appealed for was the votes of the people in such a manner as would change the present social conditions. He declared that his party "are not a lot of fusionists running after office and letting the wants of the people pass unnoticed but that they are a set of earnest men who have the interest of the masses at heart. He closed with a direct bid for the support of Job Harriman, the candidate of the party for Governor, and the principal speaker of the evening.

Several vocal selections were creditedly rendered by the Angelus Quartette and the Michelson brothers played banjo selections so well that they were repeatedly recalled.

A. J. Stevens spoke for ten minutes and a collection was taken to defray the expenses of the meeting.

Job Harriman was then introduced and for nearly two hours he spoke on the labor question. His argument is not new in this city, much the same kind of an address having been delivered by him on other occasions. At the outset he declared that he did not expect to be elected Governor of California this year, but predicted that whoever was elected would be no change for the better in the conditions of the laboring masses. These conditions, he declared, could only be changed by a complete change of the social conditions, the things that make men what they are. He opposed the system of money, the system of wages and the system of profit, and devoted some time to showing why he opposed them.

The possession by the whole people of all of the means of production, however great or small, or whatever they produced was declared to be one of the cardinal principles of his party and to this branch of the subject most of his address was devoted. As to the war he said it was amusing to him to hear people cheer over the fact that America had succeeded in whipping Spain in an unequal contest. There was no point of rejoicing in it, he said, and he did not care to make a political issue of the matter. Patriotism is not born of war, he said, but of bread and butter. The more peace and plenty there were, the greater would be the patriotism. The latter part of his address was illustrated with stereopticon views showing the effects upon social conditions in this country of the enormous industrial developments of the country during the past decade.

Resolutions were adopted anent Abbot Kinney's suit to disfranchise the veterans in the Soldiers' Home at Santa Monica, as follows:

"Whereas, one Abbot Kinney, described as a resident of Los Angeles suffering from hallucination, has declared that he is a candidate for United States Senator from California, has entered suit with the purpose of disfranchising 1700 American patriots, residents at the Soldiers' Home in this county, and, whereas, the only known reason for his ignominious action is to find a comfortable corner in which to gnaw the national pie, be it resolved, that we, the members of Section Los Angeles of the Socialist Labor party, do unanimously condemn his action and that we pledge ourselves to do everything to defeat his unholy, unpatriotic and selfish purpose."

ACCIDENT PROVES FATAL.

Section Hand Run Over by a Train.

John Callahan, an elderly Southern Pacific section hand, died at the Receiving Hospital at 11:40 o'clock last night of injuries sustained in being run over by a train at Naud Junction yesterday afternoon. The direct cause of death is a fracture of the skull, the cowcatcher having struck him squarely in the forehead. The remains were removed to the undertaking rooms of Orr & Hines, where Coroner Campbell will hold the inquest this morning.

There is a double track at Naud Junction, on North Main street, and where the section hand was working there is a sharp curve. Callahan, a man by the name of Garretty, were working together. At about 3 o'clock yesterday afternoon, but a minute or two before the time of the accident, both men stepped aside to let a north-bound freight train go by, Callahan walking to the other track. His co-worker was some distance from him, across the track, conversing with him. Suddenly a north-bound passenger train came jumping out of the way the cowcatcher had struck him, throwing him to the ground. He fell face downward, the cowcatcher striking him again, this time in the forehead. In trying to scramble away, he got the right foot under the train, and the rear wheels of the engine passing over it at a point about two inches above the ankle.

He was unconscious when brought to the Receiving Hospital and remained so until he expired. Dr. Hagan made no attempt to operate on him as it appeared certain that the man would soon die. Callahan was between 55 and 60 years of age. He is thought to have been unmarried.
